The Leader in Technical Consultants

## Command and Control (C2) Architect – Stafford, VA

**Position Description:** Provides the Department of Defense (DoD) with engineering support services for a USMC customer (PMM-111, PM MC3 PdM MC2S EMC2 Tier 2 IPT) located in Stafford, VA.

### Specific Duties:

- Support MC2S IPTs architecture management in accordance with the *DoD Architecture Framework (DoDAF) Version 2.02*.
- Provide expert correlation of the Marine Corps op architecture as dictated by HQMC and the technical architecture developed under MC2S programs to support recommendations for modifications of existing or development of new architectures.
- Assist with development of all necessary DoDAF Views required for an Information Support Plan (ISP).
- As emerging technologies transition into MC2S or other formal programs, assist the IPTs to include these new technologies into specific architectural views and the overall MCEN via necessary DoDAF processes.

### Required Experience/Education:

- Candidates must meet the following requirements in order to be considered for this position;
- 0-5 years' experience performing C2 Architect Engineering support for DoD/USMC programs.
- Bachelor's Degree in Engineering, Computer Science or a related field of study. (Professional experience may be considered in lieu of a degree).
- Competent in Microsoft Office suite of applications; Word, Excel, Access, Project, PowerPoint.
- Individual must be a self-starter able to work autonomously on multiple tasks with the ability to function autonomously, within a team environment with minimal supervision.
